A business-minded UI/UX Designer holding a BBA degree and an Advanced Diploma in UI/UX Designing. Having hands-on experience as a UI/UX Intern at Define, I specialize in Figma, interface layouts, and user experience mapping. Passionate about bridging the gap between business goals and intuitive user experiences through modern aesthetics.

AREA OF EXPERTISE

- **Prototyping Tools:** Figma, Wireframing, High-Fidelity Prototyping
- **Design Skills:** Visual Design, Interaction Design, Responsive Design, UI/UX Modernization, Accessibility
- **UX Research:** User Research, Competitive Analysis, User Flows
- **Development:** Frontend Development (HTML, CSS, Basics)

KEY ACHIEVEMENTS

- Analyzed an existing digital platform and successfully redesigned its user onboarding flow, enhancing visual layout and modern aesthetics.
